Ditch Witch

Ditch Witch FX 30 with 28 HP Kubota diesel engine (73 DBA).

Height: 7' 6" (2.32m)

Length: 21' (6.40m)

Width: 8' 6" (2.62m)

Blower develops 500 CFM of air flow up to 15 in. (380 mm) vacuum force.

- High pressure water (up to 3000 psi @ 42 gpm) for soil excavation.
- Trailer mounted with 800 gallon capacity
- 100 ft (30m) of suction hose.

This vacuum excavation system is ideal for applications where a quiet, high capacity unit is required for Hydro-Excavation of buried utility verification, and drilling mud cleanup and disposal.
